RE: Recent ADD Water Program Proposal

Dear Mr. McCann,

Our NAMWUA Technical Advisory Committee and Board of Directors have had the opportunity to review the most recent proposal for the ADD Water Program dated July 14th, 2011.

We recognize that the CAWCD Board has certain concerns regarding the Program. NAMWUA believes those concerns are valid and will continue to support the process. We support the ADD Water Program that includes the Just Water component as identified in the recent proposal. As you know, we continue to work toward the formation of a regional or statewide entity that would serve as our contracting agent for Just Water through the State Water Resources Development Commission. Your support in this endeavor is appreciated.

Thank you for the continued opportunity to take part in the ADD Water Process. NAMWUA does not have any comments to submit at this time regarding the recent proposal.

Sincerely,

Mayor Kenny Evans
Chairman of the Board
Northern Arizona Municipal Water Users Association
